

THE EXPERIENCE

A calm and unobtrusive presence
throughout your day.

Thoughtful storytelling, captured naturally
and without interruption.

Carefully crafted films, delivered with
intention.

OUR APPROACH

Founded by husband and wife team Beth
and Mark, Cove & Vow creates cinematic
wedding films with a quiet, considered
approach.

With over ten years of experience behind
the camera, we document weddings
naturally and unobtrusively, focusing on
genuine moments, atmosphere, and the
feeling of the day as it unfolds.

Using professional 4K cinema cameras and a
refined editorial style, our films are crafted
to feel timeless, immersive, and entirely
personal to you.
